

Message from Malcolm Marx – KES

Hi Gents,

I just want to firstly say thank you for the opportunity to be able to send a good luck message to everyone that is involved in the KES festival.

I hope you enjoy it and use every opportunity that you get to express your talents either on the hockey Astro or the Rugby field.

I hope you guys all stay injury free and get to have a good experience.

Most of all, I'd like to say have FUN... that is the main thing, to enjoy every moment no matter what. The festival is about enjoyment and having fun!

Lastly I'd like to thank KES for the opportunity they gave me to also be able to enjoy the great school as well as the awesome festival.

All the best to every player involved as well as the coaches.

Malcolm Marx
